Your savings level

Regular savings

If you are an employee, you can save either 3%, 4%, 6%, 8% or 10% of your before-tax pay by deduction from your pay. The default level is 3% and at or above this level, your employer must contribute 3% (less tax) as employer contributions. You must request this directly of your HR/payroll team by completing an IRD KS2 form.

Lump sum savings

You may also make payments direct to the Select KiwiSaver Scheme at any time. There are no minimum or maximum amounts.

Government contributions

1. If you are 18 or older and under the KiwiSaver retirement age, the government contributes to your KiwiSaver savings, \$1 for each \$2 you save, up to \$521.43 a year. This is known as a government contribution. This is based on a 1 July to 30 June year and is normally paid in July. Therefore, most KiwiSaver members should contribute at least \$1042.86 per year to receive the maximum government contribution.
2. You need to be a resident in New Zealand to receive the government contribution, but you do not need to be resident to make a lump sum contribution.
